Attention : if you use a navigation system, please choose for **Thury in the département 21 (Côte d'Or)**. There is another Thury in Burgundy in the dept. 89 (Yonne) which is not right.

Furthermore, we only have our street address '5 rue du Moulin' since a short time. Before, our village did not have any official streets. So probably, it will take some time before all navigation systems will recognize our street address. In the village, just follow our route description. There are also several signs in the village.
